

TWO GREAT MATERNAL LINES

Heartland Nathan Texas-ET, E-95%^{JH1F}

3-11 305 26,340 4.3% 1,130 3.8% 991 92DCR
Lifetime: 138,700M, 6,469F, 5,252P on 5 lactations

- 122 registered progeny to date from three generations
- Of her 21 daughters nine are appraised—one EX and eight VG. Six have completed lactations with the highest over 28,000 lbs. milk actual.
- Bulls in A.I.: Eight sons, four grandsons and a great-grandson

Her son, **7JE1169 TOPEKA**, is a leading udder bull on the Active A.I. list he is #1 for Rear Udder Height and Rear Udder Width, #3 for type and #6 for JUI.

"Texas" is backed by two Excellent dams and is from a maternal line that has been bred in our herd for almost 20 years.

Heartland Artist Salina, E-91%^{JH1F}

2-11 305 20,810 4.4% 906 3.5% 729 101DCR

- 110 registered progeny to date from three generations
- Of her 29 daughters 18 are appraised—one EX and 14 VG. Five have completed lactations over 20,000 lbs. milk actual with the highest over 26,000 lbs. milk actual.
- 10 sons and a grandson in A.I.

"Salina" was purchased by River Valley Farm, IL, at our 2008 Heartland Premier Production Sale II. She was the high seller of the day and has done very well for them. Her sister topped our first sale. Their dam, Beachy Berretta Spice, E-92%, has six completed lactations, all exceeding 23,000 lbs. milk. With four lactations over 27,000 lbs. milk actual in 305-days.

BUY INTO THESE FAMILIES...

offerings from these two maternal lines will sell during the **Heartland Jerseys Complete Dispersal** on **April 23-24**.
700 head will sell in this two-day, pure-production event.
