

A True Powerhouse of the Breed

For years the Molly Brook prefix has been synonymous with a cow named "Flower." Molly Brook Fascinator Flower, E-90%, has consistently put her stamp on her offspring. There are now 10 generations of progeny that trace back to her with **135 Excellent females** and **516 Very Good females**. Her presence has been so far reaching that her lineage can be found on every continent except Antarctica.

This beautiful uddered family known for its sons, with 123 bulls from this maternal line going into A.I. sampling. Among this elite group is the great **29JE2865 Molly Brook Brass Major**, with 11,304 daughters in 2,668 herds and his full brother **9JE68 Molly Brook Brass Top**, with 4,760 daughters in 1,420 herds. "Flower's" grandson, **7JE424 Molly Brook Glenwood Freedom-ET**, has 7,979 daughters in 1,259 herds and her great-grandson **122JE5127 Molly Brook Berretta Fanclub-ET**, has 5,167 daughters in 691 herds. Currently at Genex is **1JE849 Molly Brook Visionary Upbeat**, +1.9 for Type and +22.9 for GJUI.

Broadlin Illusion 2817 was named Supreme Champion of the 2014 AUS National Show, she's a daughter of **Molly Brook Berretta Fabulous-ET**, a great-grandson of "Flower."
