 - 1999 Wisconsin Cow of the Year

Today, there are seven generations from "Ladyslipper" on the ground totaling 144 females and 36 registered males.

At Owens Farms Inc., "Ladyslipper" and her descendants are an important branch of the most prolific and influential cow family in the development of the herd. "Ladyslipper" is in the 8th generation direct maternal

descent of Basil Commando Gertrude, purchased in 1959 as a project heifer for the young Wilfred Owens. Through January 1, 2015 there have been 132 males and over 3,300 females registered from the "Gertrude" maternal line. Also from this family came, O.F. Berretta Rebekah, dam of O.F. Barber Rocket (9JE202), with 13,418 proof daughters in his December 2014 genetic evaluations and O.F. Mannix Rebel-ET (14JE365), with 7,433 proof daughters in his December 2014 genetic evaluations.

Owens Farms, Inc.
