Through the years, countless visitors have come to Waverly Farm to see the "black cow" that earned her share of laurels on the tanbark trail. Bred by AJCA Master Breeder Henry Black of Briarcliffs Farm, this powerhouse has been owned by and with some of the most prominent breeders in the business before landing here in Clear Brook, Va., including Sunset Canyon Jerseys, Norman Nabholz and New Direction Jerseys. We are proud to have owned her with Justin Burdette and Norman Nabholz during her time at the farm.

From 1997 through 2003, "Blacky" placed in the top four of her class at The All American Jersey Show every year but one. She was named Reserve Grand Champion of the prestigious show in 2001 and returned the following year as Grand Champion. "Blacky" also was Grand Champion of the Central National Jersey Show in 2002. For her accomplishments, Blacky Rose of Briarcliffs was selected as the All-Breed Access Honorable Mention All-American Aged Cow in 2006.

### Quick facts about "the Black cow"

- She has 10 registered daughters; Nine are appraised—five Excellent and four Very Good.
- In total, she has 65 appraised female offspring, spanning 7 generations—64 are scored Very Good or higher with 20 Excellent. Sixteen of those offspring have produced more than 20,000M.
- She has sent seven sons to A.I., including Blackys Big Time-ET at Select Sires.

Though we lost "Blacky" in October 2006, we treasure the memories she gave us in the show ring, and back home in the barn as well. Her legacy lives on through her many offspring residing in herds around the country.
